

360 Cassette

Capacity range (Min/Std/Max)	1.5 TR, 2 TR, 3 TR and 4 TR
Cooling features	Circular design, Booster fan, Wireless Remote
Convenience features	Even cooling, Bladeless Airflow, PM 1.0 filter

1 Evenly cools every corner

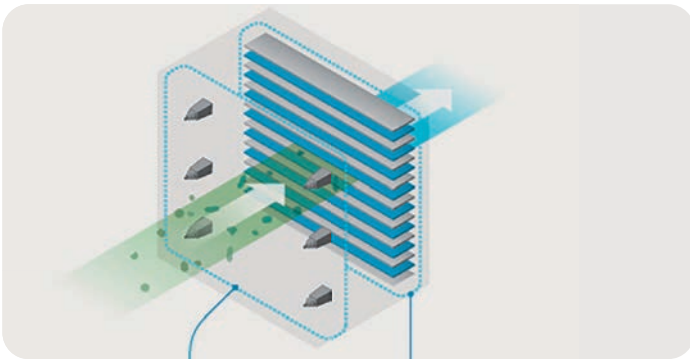

A circular outlet blows cool air in all directions, so every corner of a room is the same temperature**.

2 Comfortable cool

A bladeless design softly disperses cool air across the room, making you comfortably cool.

3 PM1.0 Filter

The PM1.0 filter is not only effective at capturing ultrafine dust of up to $0.3\mu\text{m}$ in size, but it also sterilizes up to 99% bacteria.

4 Perfectly fit in everywhere

Its minimalist modern styling creates a sophisticated look and its circular shape stands out beautifully.

5 Spreads more air

An innovative Booster Fan enables cool air to be expelled at much lower angles.

6 All round, intuitive control

The Wireless Remote Controller's Jog shuttle and button offer a fun way to adjust the air flow.

*Samsung testing compared to a general 4 way cassette type air conditioner. ** Within an 9.3m radius the temperature difference is less than 0.6°C. *Within a 5m radius, no cold draft between 0~1.5m in height (with 14.0kw).
