

Slim 4-Way Cassette

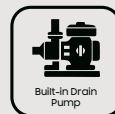

Capacity range	2 TR, 3 TR, 4 TR
Cooling features	WindFree™ , Big Blade (Wider Cooling)
Convenience features	Motion detect Sensor (MDS)- Plasma ion Filter, PM 1.0 Filter*(*optional)

Slim and Compact Design

Stylish Panel

Built-in Drain Pump

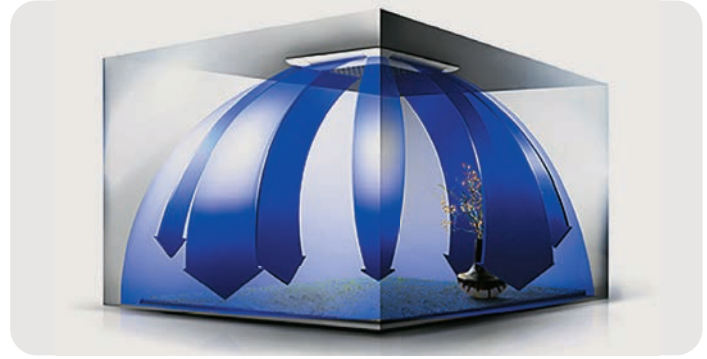

1 Lighter in weight

Samsung's 4 Way Cassette S is now lighter in weight at 17 Kg. It is the lightest indoor unit in the industry.

2 Cools you faster

The new design of the blades minimises blind spots at the corners of the panel, and almost cover a full 360°.

3 Sanitizes your indoor air

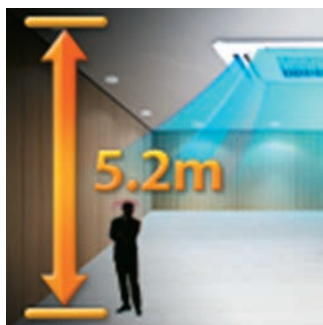

S-Plasma ion device eliminates airborne contaminants, completely eradicates bacteria and allergies.

4 Efficient cooling at all angles

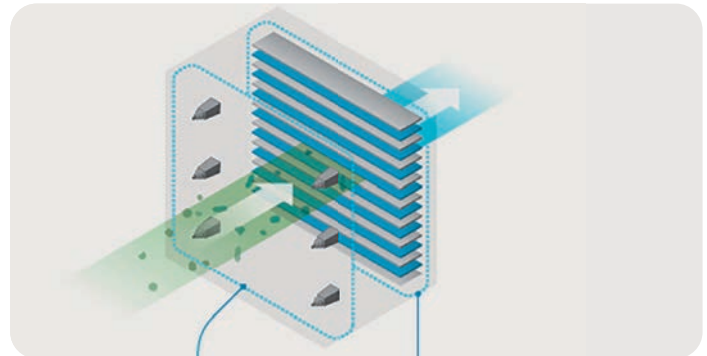

The opening angles of the 4 blades can be individually set at the same or different angles within a 32° - 65° range.

5 Cools at greater distance

Wide blades in the indoor unit deliver cool or warm air at greater distances up to 5.2 meters.

6 PM1.0 Filter

The PM1.0 filter is not only effective at capturing ultrafine dust up to 0.3µm in size, but it also sterilizes up to 99% bacteria.

Line-up: System Air Conditioners
