Say hello to the new essential for every Indian kitchen

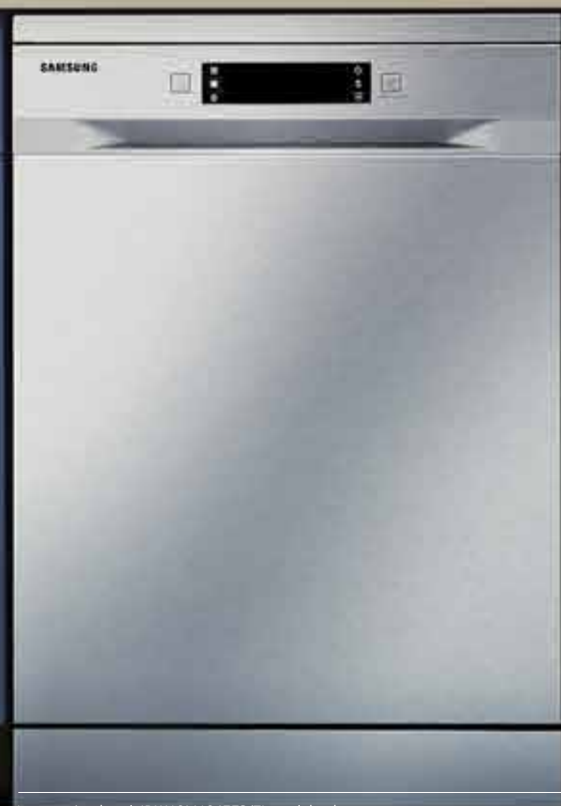

Wash away your dishwashing worries

Indian cooking meets its match!
The new IntensiveWash™ Dishwasher has been designed to effectively clean stubborn oil, grease, masala and other food stains. From your finest crockery to everyday utensils, now get every dish sparkling clean and germ-free, easily.

Dishwasher specifications

Capacity	13 Place Settings*
Key features	Hygienic Rinsing, Triple Rinse, AutoRelease™ Drying, Stainless Steel Tub
Convenience features	Half Load, Height Adjustment, Leakage Sensor, High Energy Efficiency, 44dB and 52dB Whisper-quiet Operation

4 key features

**Triple Rinse
Function**

**Stainless
Steel Tub**

**AutoRelease™
Drying**

**Hygienic
Rinsing**

1 IntensiveWash™ (70°C) with Triple Rinse

Three separate rinse cycles effectively remove every stain from heavily soiled dishes. An extra hot water rinse cycle ensures sparkling, hygienically clean dishes.

2 3-Level Wash Arms*

Additional water pressure from three distinct levels of wash arms cleans every corner of every dish perfectly.

3 Stainless Steel Tub

Easy to keep hygienically clean, the stainless steel tub withstands high temperatures and prevents the build-up of malodours.

4 AutoRelease™ Drying*

Ensures spotless and faster drying. Door automatically opens 10cm allowing steam to escape.

5 Hygienic Rinsing#

Extends the final rinse and increases the water temperature to 70°C for deeper cleaning, killing up to 99.999% food bacteria.

6 Height Adjustment

By moving the upper rack you can create more space in the lower rack to easily fit utensils of all sizes.

7 44dB and 52dB Whisper-quiet Operation*

Forget noisy dishwashers! Powered by Insulation technology, it is quieter than even a normal conversation.

8 Fingerprint Resistant Finish# 9 Wide LED Display

Prevents fingerprint marks and smudges, leaving your kitchen looking flawlessly clean and premium.

Monitor the wash performance effortlessly by checking remaining wash time on the display.

10 Half Load

Got just a few dishes to clean? Press the 'half load' button to use just the lower or upper basket and save energy.

11 Leakage Sensor

Immediately stops the cycle, drains the water and shows an error message if any leakage is detected.

12 High Energy Efficiency

With a high energy efficiency level, equivalent to an A+++ rating*, it consumes less energy without impacting the cleaning performance or functionality.
