

Galaxy A04e

Display	16.55cm* Infinity-V Display
Processor	Octa-core processor
Battery	5000mAh (typical) battery [~]
Camera	13MP Main Camera
Memory	Power with up to 8GB [^] Memory with RAM Plus.

● Awesome Copper

● Awesome Light Blue

Images simulated. Colours as per availability. *Measured diagonally the screen size is 16.55cm in the full rectangle and 16.14cm accounting for the rounded corners. Actual viewable area is less due to the rounded corners and the camera cutout. [~]Typical value tested under third-party laboratory conditions. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated minimum capacity is 4900mAh. Actual battery life may vary depending on network environment, usage patterns and other factors. [^]8GB RAM variant is inclusive of an additional 4GB RAM usage with RAM Plus. RAM and internal memory capacity may vary by country.

1 Immerse yourself in the big picture

Expand your view with the 16.55cm** Infinity-Display of Galaxy A04e and enjoy an uninterrupted view of the things you love. Thanks to the HD+ technology, your everyday content will look sharp, crisp and clear.
