Choose from our elegant colour combinations

French Door Refrigerator Model No. : RF90A92W3AP - 936 L

Glam White

Glam Pink + Glam Navy

Glam Navy + Glam White

Glam White + Charcoal Black

Charcoal Black + Glam White

1 A stylishly unique design

Create a beautifully stylish and unique kitchen space with Dual Tone design. Pick from 10 different colour combinations* with Glam Glass finish.

2 Flexible freshness

Crisper+™

FlexZone™

Store different foods in conditions best suited for them. The FlexZone™ is an independently-controlled compartment with five pre-set modes: Freeze, Soft Freeze, Meat/Fish, Fruit/Veggies and Beverages. There's also a Flex Crisper for meat or fish, and a Crisper+ for fruits and vegetables.

3 Beverage Center™

Enjoy fast and easy access to refreshingly cold and flavoured water. The Beverage Center™ has a BPA free* ready-to-serve Autofill Pitcher. It can be infused with fruits and herbs, and is always full of purified water. There's also the Water Dispenser for you to quickly enjoy a cool drink.

4 Auto Ice Maker

The Auto Ice Maker automatically makes and stores ice cubes, making sure you never run out of it. Its compact design frees up extra storage space for groceries, but produces almost the same amount of ice as the conventional models.

5 UV Deodorizer: Keeping things nice & fresh

Keep the air in your fridge fresh, day after day. A built-in deodorizing filter reduces bacteria-induced odours from the fridge. It also has a UV light that continuously cleans the surface of the filter, so you never have to change it.

6 4 Colours that make a bold style statement

Glam Navy

Glam White

Glam Pink

Charcoal Black

With a unique palate of 4 elegant colours* – Glam Navy, Glam White, Glam Pink and Charcoal Black, we have created an awe-inspiring collection of 10 colour combinations that mirror your refined tastes.

7 Cooling Technology

Keep food fresh for longer and preserve its natural flavour and taste. Triple Cooling independently controls the temperature and humidity in 3 compartments and prevents odours from mixing. Precise Cooling also minimises any temperature fluctuation to preserve the quality and texture of food. Metal Cooling is a powerful cooling system that includes a stainless steel interior.
