1 A stylishly unique design

Create a beautifully stylish and unique kitchen space with Dual Tone design. Pick from 10 different color combinations* with Glam Glass finish.

2 Flexible freshness

Crisper+™

FlexZone™

Store different foods in conditions best suited for them. The FlexZone™ is an independently controlled compartment with five pre-set modes: Freeze, Soft Freeze, Meat/Fish, Fruit/Veggies and Beverage. There's also a Flex Crisper for meat or fish, and a Crisper+ for fruits and vegetables.

3 Beverage Center™

Enjoy fast and easy access to refreshingly cold and flavored water. The Beverage Center™ has a BPA free* ready-to-serve Autofill Pitcher. It can be infused with fruits and herbs, and is always full of purified water. There's also the Water Dispenser for you to quickly enjoy a cool drink.

4 Auto Ice-Maker

The Auto Ice-Maker automatically makes and stores ice cubes, making sure you never run out of it. Its compact design frees up extra storage space for groceries, but produces almost the same amount of ice as the conventional models.

Images simulated. * Bisphenol A (BPA) is found in polycarbonate plastics and epoxy resins, which are often used in food and beverage containers, and has been linked with possible adverse health effects.

5 UV Deodorizer: Keeping things nice & fresh

Keep the air in your fridge fresh, day after day. A built-in deodorizing filter reduces bacteria induced odours from the fridge. It also has a UV light that continuously cleans the surface of the filter, so you never have to change it.

6 4 colors that make a bold style statement

Glam Navy

Glam White

Glam Pink

Charcol Black

With a unique palate of 4 elegant colors* – Glam Navy, Glam White, Glam Pink and Charcoal Black, we have created an awe-inspiring collection of 10 color combinations, that mirror your refined tastes.

7 Fresher for longer: Cooling Technology

Keep food fresher for longer and preserve its natural flavor and taste. Triple Cooling independently controls the temperature and humidity in 3 compartments and prevents odors from mixing. Precise Cooling also minimizes any temperature fluctuation to preserve the quality and texture of food. Metal Cooling is a powerful cooling system that includes a stainless steel interior.
