Image simulated. Actual may vary. Design, colour and model as per availability. [#]SmartThings app available on Android and iOS devices. A separate Wi-Fi connection and a Samsung account may be required. Depends on connectivity with compatible devices. [^]The test results are based on a comparison of the factory setting temperature when using AI Energy mode and without using AI Energy mode. Results may vary depending on the usage conditions and patterns

1 AI Energy Mode~

AI Energy Mode analyses your usage patterns, estimates power consumption and helps you monitor and proactively save energy.

2 Ice & Water Dispenser

Dispenses ice/crushed ice and chilled water, even when the fridge door is closed.

3 Convertible 5-in-1

Enjoy ultimate flexible storage with 5 Smart Conversion Modes.

4 Twin Cooling Plus™#

It preserves food for longer by retaining humidity in the refrigerator compartment and its two independent coolers also prevent odours from mixing.

Image simulated. Actual may vary. *Result based on Samsung internal lab test conducted on model RT58K7140SL under ideal test conditions. Results may vary depending on environmental factors and individual use. ~By optimising compressor speed and operation and adjusting the set of freezer temperature. #Bisphenol A (BPA) is a chemical produced in large quantities for use primarily in the production of polycarbonate plastics. *When the refrigeration or freezing functions are in off mode, the temperature of the fridge or freezer remains under 15°C to prevent mold and odors, using low electricity. The fridge or freezer cannot be powered off independently. Do not store food or beverages in the refrigerator when the refrigeration or freezing functions are in off mode. 15°C is not cool enough to prevent spoilage.

5 Precise Cooling[^]

Preserves freshness, flavour and texture of food with its two independent coolers. Its advanced insulation also reduces temperature fluctuations.

6 Power Cool/Power Freeze

At the touch of a button, enjoy a rapid cooling performance both in the fridge and the freezer.

7 SmartThings App[#]

Manage, prepare and buy food more effectively with SmartThings app.

8 Built-in Look™~

Give your home a stylishly integrated and modern look with the Samsung Built-in Look, which fits perfectly with your appliances and cabinetry to create a seamless kitchen interior.
