## 1 Your world the way it's meant to be heard

### Well-balanced sound

The two-way dynamic speakers on Galaxy Buds2 – woofer for a deep bass and tweeter for clear high notes – deliver robust, well-balanced sound.

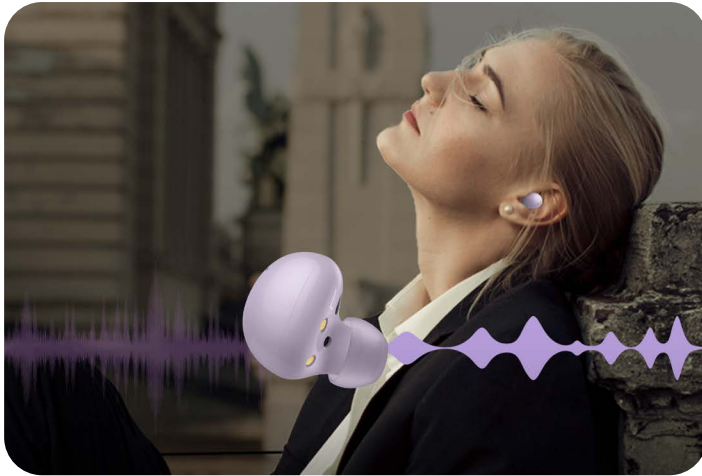

### Intelligent clear call

The 3-mic system, machine learning based noise reduction software, and a curved in-ear design ensures you are always heard loud and clear.

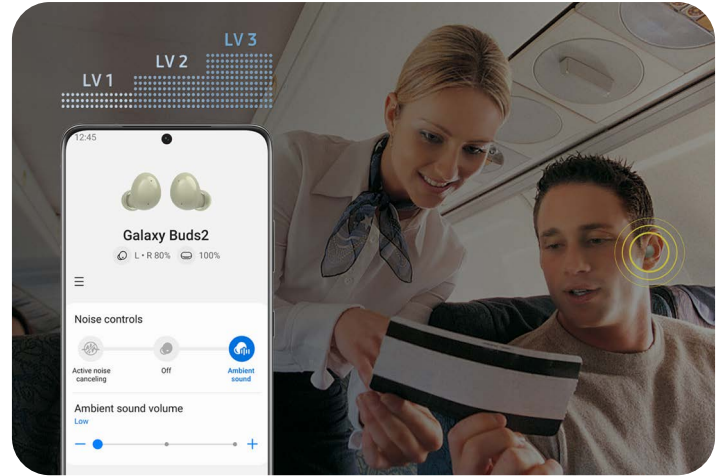

## 2 Choose what you want to hear

### Up to 98% noise cancelation\*

The in-ear design partially blocks ambient noise. Any unwanted sound detected by the dual microphone set-up is removed by an Active Noise Cancelling codec.

### Ambient and other sound customizations

Select between 3-levels of ambient sound options and a range of equalizer settings to tailor the sound to your taste!

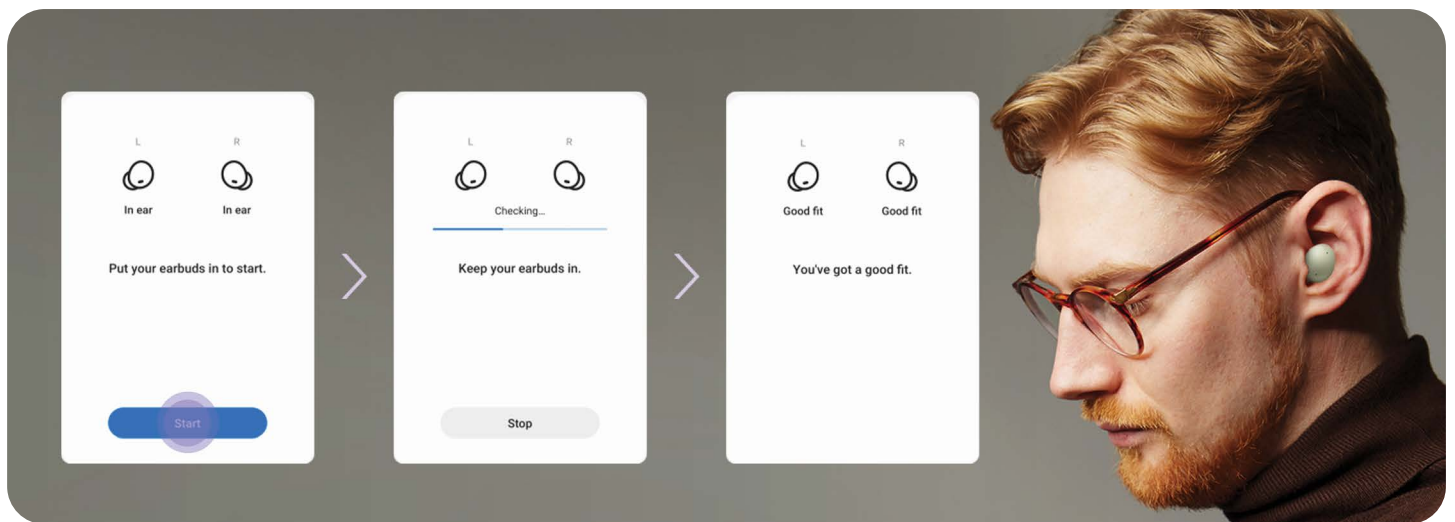

## 3 Designed for all day use

### 24 hours of playtime!

Up to 7.5 hours of battery in the earpiece & another 29 hours in the case.\*\*

That's not all. Enjoy 60 minutes of playtime with just 5 minutes of charging!

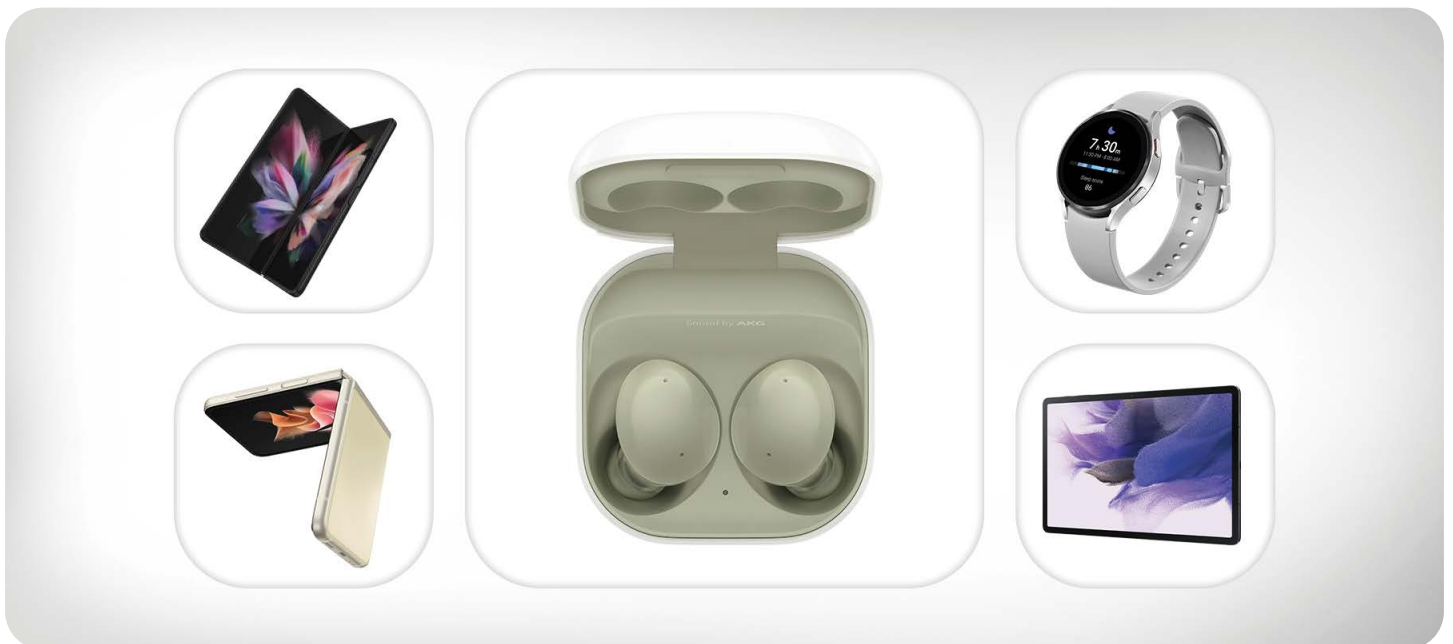

### Lightest earbuds ever

Compact and light-weight design of the buds crafted to comfortably fit in our ears all day long.

Along with soft and flexible silicone tips in 3 sizes. Take the earbuds fit test on the Galaxy wearables app to find your perfect tip.

**From 9 am work calls to late night binges, the Galaxy Buds2 are your reliable buddies.**

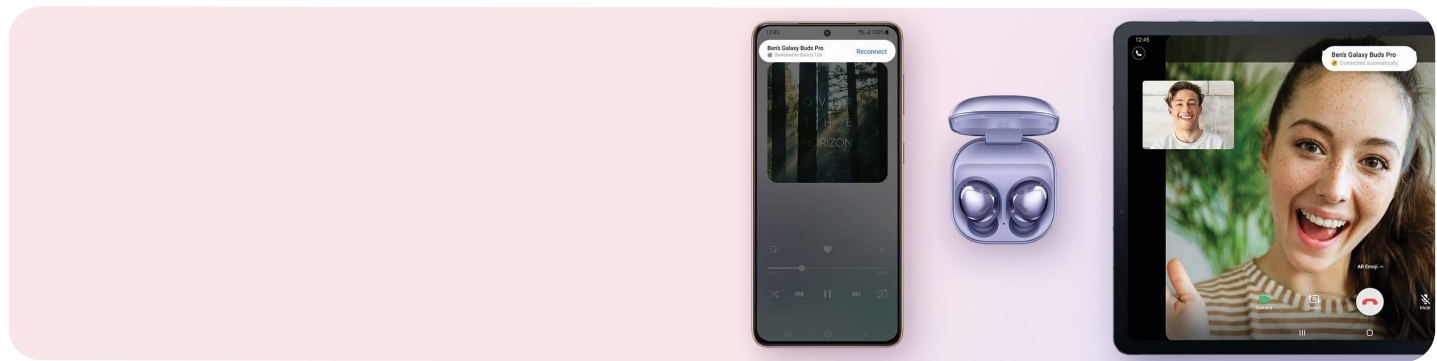

### 4 Switch without missing a beat!

Open your world to the Galaxy.

Switch seamlessly between you devices. Now also control Buds directly from your Galaxy Watch4.

## 6 Switch it up without a hitch

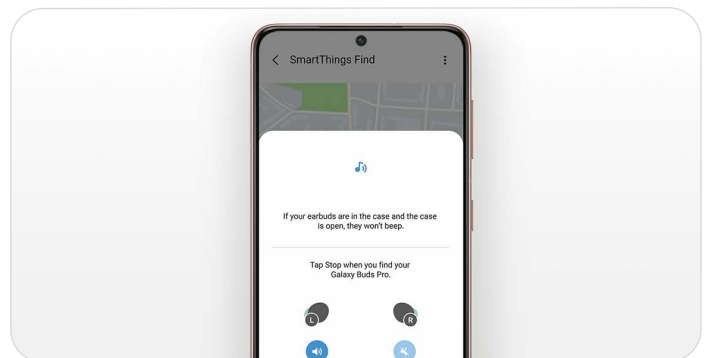

Auto Switch\*\* technology detects which device's audio needs to be prioritised and automatically switches to it.

## 7 Personalised assistance

With a simple, "Hi Bixby", speak to your smart assistant and manage your day hands-free.

## 8 100% lose-proof

With the SmartThings\* app and Offline finding, locating misplaced buds is easy.

## 9 Buds with buds

Connect with friends and share audio easily.

## 10 Sleek and timeless

Choose between the three stunning Phantom shades; Violet, Black and Silver.

## 11 Power to keep the beat going

With up to 5 hours of listening-time on ANC and up to 13 hours in the case, giving you up to 28 hours\* total.

## 12 Charge up fast

With Wireless\*\* PowerShare from your Galaxy smartphone, and an hour of battery life for every five minutes of fast charging.

## 13 Let it rain

Galaxy Buds Pro are IPX7# rated. The highest standard of water resistance in Galaxy Buds.

## 14 The right fit is right here

Designed to fit your ears perfectly, without pain or pressure build-up.

Image simulated. \*Earbuds and case provide up to 28 hours of battery life when the case is charged to 100%. Based on internal testing. Audio playback time tested by pairing a pre-production Galaxy Buds Pro to a recently released Galaxy smartphone with default settings except ANC and Ambient mode off. Play time may vary based on settings. \*\*Wireless PowerShare function is available on few galaxy devices. If the smartphone's battery power is less than 30%, Wireless PowerShare may not function. #IPX7 is based on laboratory test conditions for submersion in up to 1 meter of fresh water for up to 30 minutes. Not advised for beach or pool use. Charging case is not water resistant. If placed into the charging case without drying, the earbuds may be damaged.
